Low Price On Town Lots Encourages Building Here

Since January, five town lots have been sold or are in the process of being sold to future householders. The lots are sold by the town for a nominal price ranging from \$25 to \$100 with the understanding that the purchaser will build a house on the site within a reasonable time.

As he explained in council meetings, Deputy Reeve J. L. Spillette, chairman of the property committee, said, the policy behind the sale of town lots was to convert non-revenue producing land into revenue producing land. "By selling the land at nominal prices, we encourage building which in turn provides tax revenue," he said.

At the present time, there are 15 town lots available in the residential section of town. Wesley Brooks, the town clerk, says that there is a large number of enquiries about the lots.

A part of the military camp is built on town property which has been divided into lots and it is expected that when that property is freed, there will be a large sub-division with roads, electricity, and sewers available for residential building.

MEET MONTHLY

Following the custom of other years, the Newmarket town council unanimously agreed to meet every third Monday during the months of June, July and August. The council meets twice a month during the winter months.

A petition was read to the Newmarket town council Monday night from the residents of Andrew St. asking that sewer facilities be extended on Andrew St. a distance of 800 ft. The petition was read by Councillor Frank Bowser, chairman of the roads and bridges committee.

The petition was handed to Clerk Wesley Brooks for checking in accordance with municipal practice. It was believed the petition was signed by 100 percent of the residents.

Consider Possibilities Of Cleaning Fairey Lake

Reporting on the possibilities of cleaning up Fairey Lake for recreational purposes, W. H. Bell told a meeting of the recreation council Tuesday that he had been told by an expert that the pond bottom and shores could be cleaned up for an estimated \$25,000 to make the pond fit for swimming.

Mr. Bell emphasized, however,

EXECUTIVE FOR YOUNG PEOPLE IN RECREATION

Vernon Thompson was elected chairman of a "teen-age" committee of Newmarket young people ranging in age from 14 to early 20's at a meeting on Tuesday in the council chambers.

The meeting was called by J. B. Bastedo, convener for youth for the Newmarket Recreation council.

Others elected to the executive committee were Roy Bennett, Francis Elphinstone, Don Brown, Fred Dillman, Jean Duncan, Jean Webster, Pat Duncan and Mona Dean. It is expected that a meeting will be called soon by the committee.

Simultaneously with the meeting of the teen-agers was the weekly executive meeting of the recreation council when plans were completed for the door-to-door canvass for funds. The canvass begins May 15 and is under the direction of Mrs. M. B. Seldon, chairman of the finance committee.

Commenting on the canvass, Mrs. Seldon said that the extent of the work of the recreation council depended upon how willing the citizens of Newmarket were to give financial support.

Plans for a May 24 children's program were discussed and it was decided to contact the school principals and enlist their support in providing a program of games for school age children.

ENJOYED ACTIVE LIFE UNTIL LAST ILLNESS

Active about her home on Park Ave. until her illness a few months ago, Mrs. John H. Collins died on May 4 at York County hospital in her 91st year.

Mrs. Collins did her own housework until December of last year and last summer tended her own flower garden. Before her eyes became too weak, she spent much of her time tending a pastime she greatly enjoyed, and did some beautiful work.

Mrs. Collins celebrated her 90th birthday on March 27. She was a daughter of the late Godfrey and Regina Fox. Mr. Collins predeceased her.

A member of the Congregational-Christian church, Mrs. Collins was active in church work in her younger days.

Surviving are two sons, Walter M. Collins, Newmarket, and Russell G. Collins, Toronto.

Rev. A. B. Stein conducted the funeral service at the chapel of Roadhouse and Rose on Monday afternoon. Interment was made in Newmarket cemetery.

Vets Report Community Rallying To Aid Show

The Veterans' Amateur Blitz, to be staged on Wednesday and Thursday of next week, is shaping up "like a big sumptuous show," Orville Ganton said this week. "It is really a revival of the amateur show which always proved so popular and is pleasant if rudimentary entertainment. Since it is to provide sports equipment for the younger veterans almost everyone in town from the mayor down to tiny school tots are wholeheartedly behind the project and are making some contribution to its success. Local merchants and industries have bought out the program advertising while other organizations are entering talent in the show."

The list of applications for the show include every kind of stage business from serious grand opera down to the plain garden variety of corn. The Women's Institute and Lion club's musical feud which will be settled before a competent "judge," is creating much interest.

Ab Hulse, journalist-sportsman, will "em-see" the show. Mrs. M. B. Seldon, musician, John Meyer, editor, and Ross Hugo, artist, will serve as judges on the first evening. The first night prizewinners have the option of entering the second night before another panel of judges.

Advance sale of tickets by the vets is reported satisfactory.

CREEK BED AT FORMER DUMP BEING CLEARED

Work has begun in clearing the creek bed beside the old town dump on Queen St. by the Canadian Hoffman Machinery Co. Wednesday morning three men were busy hawling old tin cans, parts of autos and other scrap that has littered the creek and its banks ever since the dump has been in use.

A foundation for a house has been built on Queen St. near the creek and it is intended to move the Ben Price house, recently purchased by the Hoffman Co., from Charles St. where it now stands to the new foundation. The foundation was built by the Aurora Building Co.

Tentative plans call for a ceremony of "turning the first sod" for the new factory on Charles St. on May 22 and it is expected that work will be well underway by the end of the month.

H. E. Lambert, manager of the Bank of Toronto and serving as campaign chairman for Newmarket and district, said that exclusive of the proceeds of the concert, \$3,400 had been raised for the cancer fund. A door-to-door canvass by the women of Newmarket with private contributions raised the amount.

Talks Pending On Milk Subsidy Cut, Note Cattle Sales

With the seasonal reduction of the government subsidy on standard milk from 55 cents per cwt. to 35 cents per cwt., farmers are finding themselves caught between rising costs and the ceiling prices.

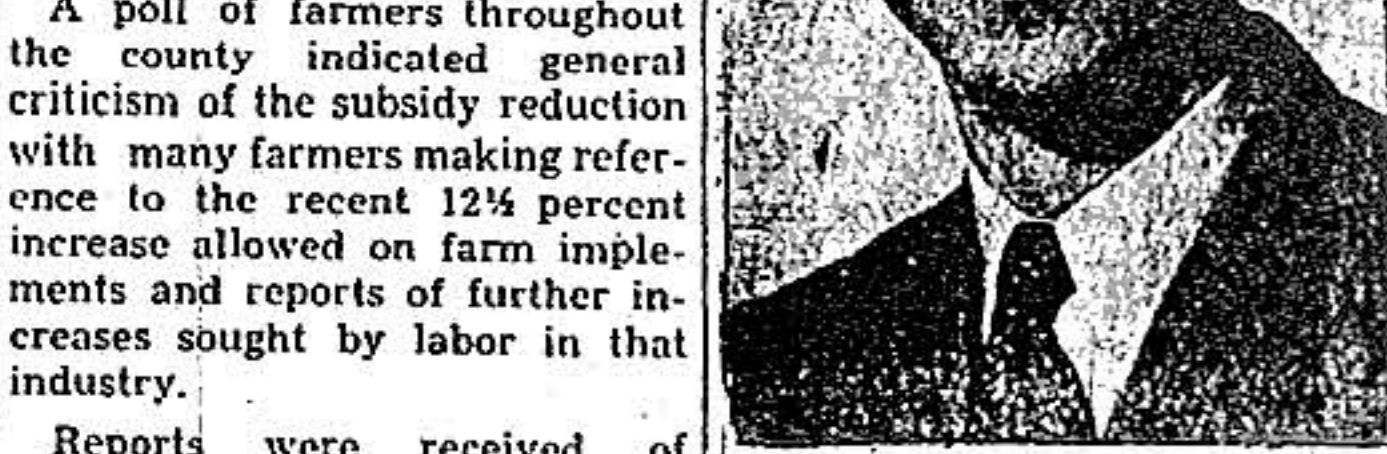

E. C. Rouse of the Toronto Milk Producers' Association reports that negotiations with the government over the subsidy reduction are still pending. The reduction of the subsidy was made at the beginning of the month.

A poll of farmers throughout the county indicated general criticism of the subsidy reduction with many farmers making reference to the recent 12 1/2 percent increase allowed on farm implements and reports of further increases sought by labor in that industry.

Reports were received of dairymen reducing their herds. It was pointed out that there is a regular sale of dairy cattle to U.S.A. and English buyers but indications are that since the reduction of the subsidy, sales have increased. The effect of this reduction in herds will not be felt immediately but will be felt later in the fall.

Frank Marritt, Keswick, president of York county crop improvement association, said that the milk producers had been negotiating for a rise in milk prices just before the war. "When the war came, a ceiling was put on milk prices and the government paid a subsidy," he said.

"What the farmer objects to now is that at a time when prices are increasing for everything else, the farmer is held to a ceiling and his subsidy on milk is reduced. The farmer has increasing production costs to meet but is unable to increase his prices."

W. H. Wilmot, Sharon, left for England over the weekend to attend the food conference there in his capacity as an executive member of the Ontario Milk Producers' League.

H. F. Dunham pointed out that one of the main problems a farmer must face is the increased cost of labor. "On farms where family help is used, the pinch is not so tight, but on farms where hired help is needed, the farmer is finding that he can't afford to compete with other industries in wages," he said. "The farmers are expected to meet higher wages on lower prices."

Elton Armstrong said that the farmer was finding it unprofitable to produce milk at the present low selling price and the reduced subsidy. "The farmers' costs have risen but their income has not," he said. "It is not profitable to produce milk."

Ambitious Fishermen Also Caught During Perch Run

Coming as an anti-climax to the annual run of perch at Lake Simcoe, and the warm weather which brought an itch to the hunter's trigger finger, was the parade in magistrate's court of those charged with various breaches of the game and fishery laws.

The majority of those appearing before Magistrate J. E. Pritchard, K.C., in the magistrate's court here Friday were charged with taking more perch than they were entitled to. Eight were charged with taking more than 25 perch and received fines of \$10 and costs.

Four were charged with taking fish by illegal means, spearing or netting. Three pleaded not guilty and were remanded. One was fined. Two charges of having fishing out of season were heard, along with four charges of illegally firing a gun.

Game and fishery department overseers, Ernest Prosser and G. A. Armitage laid the charges.

Supply Trouble Holds Up Roller Skating

A letter from Wm. Smith, Toronto, who had been granted leave to rent the Newmarket Memorial arena during the summer months, that he was so far unable to get wood for a roller skating floor in the arena, was read to the Newmarket town council Monday night.

Mr. Smith rented the arena at \$50 a month with the intention of installing a roller skating floor and other recreational facilities in it. In his letter he asked the town council to "bear with him" a little longer until there was something definite in regard to supplies.

Harry Goodman of Goodman Auto Parts reports that he expects to move his business from the eastern end of Davis Dr. to the former Dunn garage building near Main St. between May 15 and June 1.

The original building, purchased by the Goodman brothers some months ago, has been enlarged by the construction of a garage building on the west side. The ground floor of the building will be used for offices, garage and stock but the second storey has been converted into a bowling alley with a separate entrance. RECREATION COSTS MONEY

Starting May 15, representatives of the Newmarket Community Recreation council begin a house-to-house canvass of Newmarket. Their purpose is two-fold. The canvassers carry with them a questionnaire which, when filled out, will provide sufficient information for the recreation council to lay out a program in a way which will meet recreation needs.

The other purpose of the canvass is to enlist financial support. At the present time, the recreation council has in the bank \$500 from the town council, \$500 from the Canadian Hoffman Machinery Co., \$50 from a donor who prefers to remain anonymous, and \$600 representing the provincial grant paid on community recreation activities last year.

Last week, the recreation council hired E. R. "Dick" Mather, a returned man, familiar with Newmarket and experienced in recreation activities, as the recreation co-ordinator for the period of May 20 to Sept. 20. Mr. Mather's salary is \$150 a month. While Mr. Mather is employed for a four-month period only, it is expected that a year-round recreation co-ordinator will be employed at a later date. A large part of the recreation council's budget will be taken up with salaries for the co-ordinator and assistants.

Tentative plans for the summer months include provision of regular trips to Lake Simcoe for school-age children for swimming lessons. The cost of transportation for this project is a major amount. In addition plans are being considered for the provision of play spaces for children in the north and east part of Newmarket, out of ordinary reach of Lions Park. The play spaces will be equipped with sand boxes, play equipment, and placed under part time supervision.

Other considerations of the recreation council include a program of recreation for adults and teen-agers. Plans for the adults are being postponed until the results of the poll of Newmarket families on recreation needs have been made available. A committee for teen-agers has been formed under the chairmanship of Mr. J. B. Bastardo and it is hoped to make financial aid for teen-age projects available through this committee.

In addition to these projects, the recreation council is committed to aid existing organizations to the best of its ability, financially as well as in organization and promotion.

The extent to which the recreation council is able to carry out these plans will depend upon the generosity of the individual families of Newmarket. It is a community enterprise. If all the community shares in the financing of it, Newmarket can have a recreation program that will meet existing needs as well as making Newmarket a happier place in which to live. The recreation council can only be as effective as the citizens want it to be.

OVERGOVERNMENT?

Are Canadians overgoverned? A stranger to our land, when he considered the number of legislators in proportion to the population, would answer yes. And he would no doubt express surprise at the overlapping and duplication of jurisdiction and legislation, considering it all wasteful and confusing.

For example, if this stranger settled down in Newmarket, he would find himself paying municipal, county, provincial and federal taxes. He would receive specific services from each of the four governing agencies but in some cases, there would be duplication. He would be protected by four police forces, for example, and the roads he used would be built and maintained through departments under each of the four governments. Education would be provided by a combination of three of the governing agencies, while another

combination of three governments would look after his health.

In time this stranger would join other Canadians in crying for an end of this duplication, this overgovernment. He could cite the examples of other nations with populations three times greater than Canada's and governing bodies many times smaller as proof that Canada could also do away with much of its government.

While the proportion of legislators to the population is undoubtedly high, it is a condition that cannot be avoided. The very extent of Canada precludes anything but on-the-spot government. There can be no central government in a country that has something of everything spread over a vast surface. Imagine, if you can, an official in Ottawa administering the affairs of a shore county in Nova Scotia. For that matter, imagine an official in Queen's Park administering the affairs of York county. It just couldn't be done. Although overgoverned, our civic affairs are administered by men who are familiar with our problems. Any other system could only result in confusion and bungling.

Geography alone is sufficient argument against centralizing government, but there is another, more important reason, that it should never be done. Government by representation can only succeed when the representative of the voters is close to the people. Our federal representative is in Ottawa, our provincial representative in Toronto, but our county representatives and our municipal representatives live next door. If we don't like what they are doing, we have no trouble locating them and telling them about it.

A centralized form of government would mean the eventual abolition of this access to our representatives, which is the essence of democracy. It would, in time, result in nothing more nor less than dictatorship.

MAC BREAKS A LEG

Mac, our cocker spaniel pup, tried to kick over a car last week without success. We heard him crying at the door and when we opened it, he limped in on three legs, holding the broken one above ground. We carried him down to the vet who with the minimum of fuss, assured us that a cast could be put on the leg and as soon as the fractured member had knitted, it would be as good as new.

The next day, we went to the vet's expecting to find an invalid who would be content to lie around the house until the cast was removed. Instead, we collected a pup as lively as before the accident and only slightly embarrassed by the cast. As a matter of fact, the cast is proving more an asset for Mac than a handicap. He has become the talk of the dog-world and his four-legged friends from blocks around wait for him to come out and show it off.

The biggest problem of Mac's convalescence has been the slippery floors. Never too steady on waxed linoleum despite his big feet, Mac is finding that cast is worse than useless indoors. His progress in the house when he is in a hurry is a succession of tumbles at which time the cast rattles like a broken soup plate. He is learning now to move slowly and put down the broken leg with care. At a slow pace, he resembles a man crippled with the gout.

Mac used to lie down with both rear legs stretched full length behind him. The rigidity of the cast prevents that now. Instead, he tucks the broken leg under him and curls around it, using the cast as a chin rest. When he lies down at night in the quiet house, the bangs and thumps that echo from the kitchen are far different from the noises he used to make when settling for sleep.

In Passing

Complaints have been received at this office of boys using street lights and gate lamps as targets for stones and air rifles. It is a destructive practice. We understand police warnings have been issued in one or two instances. It is to be hoped that the warnings will prove sufficient.

The "million dollar rain" cleared up one of the farmers' recurrent problems but so far nothing has been done about the other, the high cost of producing and current reduction of subsidies. Another "million dollar rain," this time from Ottawa, would help matters.

The enthusiasm of the youngsters attending a recreation meeting Tuesday night is a sure indication of how keenly they feel the lack of recreation facilities in Newmarket.

TO THE EDITOR

The Editor, The Era and Express: In our town paper a week or so ago, there was a write up by your writer, Orville Ganton, of the operetta put on by the boys and girls of Newmarket high school. I would like to answer his criticism of a play that was thoroughly enjoyed by most parents there.

I am in a position in my business to hear the comments of those parents, and most of them thought his write-up most unfair.

It must be remembered that most of those boys and girls had never faced footlights before. Also it was strictly high school talent. None of the principals were imported. After weeks of hard work, it was pretty grim for these same boys and girls to pick up our paper and right on the front page read a very luke warm comment on something they had put their hearts and souls into.

Let us hear some comments from others who had enjoyed it and show the high school we are behind them 100 percent.

I would suggest Mr. Ganton confine his comments to sports, etc., which we are quite certain he is capable of writing. Hoping we will have more such plays and more often.

Mrs. Lillian Thompson, Newmarket.

OTTAWA LETTER

by

"Jack" Smith, M.P.
North York

The dominion-provincial conference here has pretty well held the centre of interest this week and whenever time permitted, we sat in at these conferences in the senate chamber. Premiers of the nine provinces are here, armed with reams of papers containing masses of figures and information, and supported by colleagues and secretaries. It was a dramatic scene as the provincial premiers sat around the conference table with representatives of the federal government. Prime Minister Mackenzie King sat at the head of the table as chairman of the conference. As prime minister, he made some pronouncements on behalf of the dominion government, but in the main he contented himself with carrying out the role of chairman and left to members of his government the responsibility of debating the issues. On either side of Prime Minister King sat Finance Minister Isley, Justice Minister St. Laurent, Reconstruction Minister Howe and Health Minister Claxton. As the conference dealt largely with finances and taxation, Mr. Isley bore the brunt of the burden of debate, although Health Minister Claxton had considerable to do because of the relation of social security legislation to future taxation.

Next to Mr. Howe sat Premier Drew, tall, imposing, forceful in oratory, and somewhat belligerent in his attitude. Beside him sat Nova Scotia's Angus L. Macdonald, mild, deliberative and determined. Premier Stuart Garson of Manitoba probably won more recognition for his ability at the conference than any other provincial premier. Small of stature, Garson is recognized as a very able fellow, and it is hinted he may soon enter the federal arena. If he does, he would be following the steps of his predecessor, John Bracken, who resigned the Manitoba premiership to become leader of the Progressive Conservative party. Premier Jones represented Prince Edward Island, Premier Manning, Alberta, Premier T. C. Douglas, Saskatchewan, Premier McNair, New Brunswick, white-haired Premier John Hart of British Columbia, and fiery

Three provincial premiers represent Liberal governments, two represent union governments, one a C.C.F. government, one a social credit government, one conservative and in Quebec, the Union Nationale.

Maurice Duplessis, Quebec. From among the maze of reports from Parliament Hill on the conference the independent observer might see some significance in the fact that the two governments most belligerent in the opposition to federal proposals were those of Ontario and Quebec. It is most unfortunate that political consideration should have any place at such an important conference, but it has been freely hinted here that Premier Duplessis in raising the cry of provincial rights, always

popular in his province, might be building up an issue for a provincial election in which he might improve his slender majority. Right now his administration has a majority of eight members.

The great difficulty of the conference, as I heard it, was that the provincial premiers came to Ottawa to get all they could get for their provinces, at a time when their peoples also are demanding a decrease in taxation. I was disappointed the conference talked almost entirely on division of taxation fields and didn't tackle at all the big problem of overlapping of services and the possibility of reducing the cost of government.

Another fact I would like to emphasize in this controversial discussion is that the national government has nothing in the way of money to give, nor has any provincial government. Both have only the money they levy on the people as taxes. Whether it is paid through the federal or provincial treasury, it is the taxpayer who does the paying. To read some newspapers and listen to some speakers, one might almost be led to believe otherwise. Down through the years we have too much had the idea that if we were able to get some other government to pay we were accomplishing something. The failure of the dominion-provincial conference to come to an agreement may mean a postponement of some very necessary and desirable social legislation, and the lessening of tax reductions at this time for the people of Canada.

The recent increase in the price of farm implements allowed by the Wartime Prices and Trade Board has been the subject of considerable discussion. No one likes increased prices but the fact is that the farm implement shortage is at the moment so great that farmers are paying much more than 12 1/2 percent over regular prices for not-so-good second hand machinery whenever they can get it. This may be seen at any York county auction sale. Larger supplies of new machinery will be encouraged by the new price and help eliminate the shortage. All duties are now taken off farm machinery and implement manufacture will compete with the world market prices.

ST. GEORGE'S DAY

By GOLDEN GLOW

I need not remind anyone that April 23 was St. George's Day for surely everyone knows that if they recall their school days and that we were taught that April 23, St. George's Day, was England's special day and St. George was England's patron saint. St. Andrew's was Scotland's. St. David was Wales' and St. Patrick was Ireland's.

We learned the legend of St. George and the dragon in our

GOSPEL ECHOES

Get Acquainted With Christ
By Rev. W. D. Muckle, D.C.L.,
pastor of St. John's Catholic church

"The central figure in the Christian religion is Jesus Christ," writes a returned man. "And He is not much more than a name to me—and to most Christians. How can I get really acquainted with Christ to feel that I know Him, to secure an insight into His character, personality, thought, life and works?"

In that query there is reflected the eagerness of hundreds seeking to deepen their spiritual lives, to become true Christians, real disciples of Christ.

The answer is to be found in the reading of the Scriptures. The Bible is the inspired word of God. It is the world's masterpiece, the greatest book ever written. The Psalmist tells us "Thy word is a lamp unto my feet and a light unto my path". Ps. 119: 105.

Jesus Christ is so little known among many people today simply because so few read the sacred scriptures. The classic account of the teachings, the deeds, the life of Christ is the New Testament. For the Christian it should be the most precious book in the world—the volume to be read with the greatest frequency, reverence and humility. St. Jerome back in the fifth century, the greatest Biblical scholar of all ages, stated "Ignorance of the Bible means ignorance of Christ".

The Gospels reveal Christ to us with a completeness that embraces all His beautiful qualities. They disclose Him to us simply, clearly, vividly. They let Him speak for Himself and act for Himself.

To one who reads the sacred scriptures daily, Jesus Christ will be more than a name. He will be a living personality and a moving force in one's life. The reading of one chapter each day can change the whole course of a person's life.

study of ancient history at high school—and we must all admit we loved that one above all other myths—the legend of how St. George rescued the maiden from the dragon, how each day a fair maiden was chained to the rock for the dragon's meal so it would spare the rest of the people of the village, how St. George arrived there and hearing about it went out and slew the dragon. That sounds bald and unromantic, the way I have told it but we all know the details so well I am sure that the story needs no repetition.

It was away back in the days of the Crusaders, as I said before, that St. George was taken as the patron saint of England by Richard the Lion Hearted in 1348, and the battle cry, "St. George and merrie England" was first used, when Richard and his Crusaders attempted to drive the Saracens from the Holy Land. The St. George's flag, a red cross emblazoned on white, is now the symbol of mercy in the Christian world—symbol of freedom—symbol of England's spirit which has never wavered at the threat of force nor yielded to tyranny.

Every FATHER

...should answer these questions:

"How much are my savings really worth?" The cash value of your savings is not what counts most. What is important is the amount of continuous income they would provide, if your wife and children were left without other means of support. In most cases ordinary savings can't provide enough! That is why you need life insurance. ...

"Is it important WHICH life insurance company I choose?" It is! Life insurance companies are much alike as to policies and rates, but actual long-term results vary widely. We invite you to compare The Mutual Life of Canada's record with that of any other company. Evidence of the satisfaction of Mutual Life policyholders is furnished by the fact that whole families and succeeding generations have entrusted their life insurance programs exclusively to The Mutual Life, and each year approximately 35% of its new business comes from policyholders. Ask your Mutual Life representative to explain the special features of this Company.

Capt. Bing Caswell and many of our old pals like Capt. Bob Kennedy and Capt. Tom George have either bid goodbye to Newmarket or will do so within a day or two. It seems hard to realize that so far from the sporting picture is concerned the fighting Redmen from the camp will be absent for all time.

From 1941 onward, the soldier laddies brought fame to themselves and canaltown with their athletic ability and it is to the everlasting credit of the powers that be that sports were given every encouragement. At times along with others, both military and civilian, we thought there was a bit too much emphasis on the winning angle by the camp teams but they were always colorful, hard fighting teams that once the game was over were ready to congratulate their conquerors or pat the losers on the back for a game showing.

Without digging out our archives, we can't give a complete history of what's happened through the years but a few things we do remember are: Three M.D. 2 track championships and the C.A.C. crown; a Newmarket town baseball championship; one district services hockey title and one Newmarket town league championship; one Canadian Armored Corps softball championship; semi-finalist posts two years in T. and D. soccer, O.H.A. and C.A.C. hockey and O.A.B.A. baseball; M.D. 2 boxing championships and also cross-country; basketball, lacrosse, distance running, in fact every branch of sport was successfully encouraged.

Der Bingle came down to say "au revoir" but he won't be far away from us for he will take over the physical education post at Bloor C.I., Toronto, in the fall and Bloor will see a revival in hockey. Capt. Caswell hopes to referee some O.H.A. hockey up this way next year and he'll be more than welcome, for he did a fine job last winter.

The 1946 hockey team is already spread out as follows: Mickey Lutes to Moncton, N.B.; Terry Biocchi to the Soo, Borthwick to the army at Brampton, Tubby Boyer to North Bay, De Lory to a post on the Toronto Fire Brigade, Orton to Callander, Vipond to New Toronto where he will soon be immersed in lacrosse activities, Moe Mahas cooking at Month internment camp, McNulty, "Tiger" Lee, Thompson and Red Ingram to Toronto. Jack Life is attending rehabilitation school and as intimated before, he'll be at Toronto University next fall.

Just run through a few of the names of well known athletes who played for the camp over the years and while we can't pick them all, who'll forget Billy Taylor, Bep Guidolin, Bob Bangay, Johnny Callanan, "Goldlocks" Nesbitt, Jack Wheeler, Chuck Shannon, Allistair Cameron.

Softball, according to Ace Yake, is going to go places this year in the district. A league, as yet unnamed, is going to be composed of Aurora, Toronto R.C.A.F. Depot, Woodbridge and Willowdale for sure. The local R.C.O.C. Depot is behind the team with Herb Holman as manager. Among the players on tap are Yake, Charlie Case, Ray White, Red Canning, George Hodgins, Shorty Richardson, in fact enough for two teams. Pitchers are lacking at present but the boys have the promise of Morley Cook of Case's Aces fame (a neat hurler with good support), while Wes Niles and probably Teddy Bennett will be sought to take the rubber. Given good pitching, the lads feel they can go places and the list of available players from the district reads pretty strong.

Aurora girls are also included in the plans with C.W.A.C. and civilian workers at depot as well as any others interested representing the town. Sgt. Gordy Campbell, along with Ace, are interested in seeing the femmes field a team. They are expecting a four or five club league with two teams from Newmarket, Aurora, Vandon and possibly Thornhill competing. That's what they tell me and any night you can catch a glimpse of both males and females limbering up in the park.

Stew Patrick, as chairman of the sports committee of council, has received the green light to revamp the face of the old park which has only had one diamond for years. According to the new plans the hardball diamond will be moved to the north-west corner and the play will be southeasterly. Then two softball diamonds will be made. One at the south-west corner for sure, the other to be determined as to location. Both will be of regulation size with screens. The only fly in the ointment we see is that the \$50 allotted is not going to be sufficient to do the job and the lack of help is something to be overcome.

The west side of the Aurora park needs quite a bit of grading and levelling and it will take a while for the diamonds to take shape. At present there is a small war on between the softball and baseball teams for the use of playing sites. It is a step long needed to create more diamonds. We would go further and create an extra park somewhere in town: It has to come to that sooner or later.

Aurora Canadian Legion may obtain a franchise in the Toronto and district Legion softball circuit, but in any case will field a nine for the Legion's Ontario play-offs, if need be playing exhibition games all year. A house

GET INTO THE BROILER BUSINESS

There is a good year-round market for broilers grown in this district (3½ - 4 lb. birds, live weight). Growers are reporting 20c to 30c a bird net profit.

They are making 75c to \$1 net profit per square foot of suitable poultry house space, e.g., 2,000 sq. ft. of floor space should give you \$1,500 to \$2,000 a year net profit. Present broiler raisers are growing from three to four crops a year.

Many are changing over from the egg business to the broiler business and using their present buildings and equipment. Contracts to producers are being considered.

insurance". Think he has something there too.

Dit Clapper of Boston Bruins fame and by birth and early life a native of these parts, has opened a sporting goods store at Peterborough and isn't lacking for customers either. Dit was named not long ago by Art Ross as one of the big five of Boston professional hockey: Eddie Shore, Clapper, Milt Schmidt, Frank Brimsek and Bill Cowley rated with Ross in that order.

Bill Buchanan, former Aurora-Richmond Hill softballer, arrived from overseas with the R.C.A.F. early this month. Bill is holidaying at the Hill right now and may once again be ready to go to town on the diamond. Huck Caesar, who handled the Collingwood juvenile team last year against Newmarket and for more years than you can count on your fingers has been "Mr. Baseball" at Collingwood, was promoted and transferred by his bank to Kerrwood, Ont., where he will be manager. It was a sorry loss for the Georgian Bay metropolis.

Joe McDonald, who almost single-handedly defeated the famous Blue Ribbons of Aurora sponsored by the late Clifford Case, is in insurance in Orillia and is manager of the sports committee of the Orillia Canadian Legion.

Doug Smith, brother of Aurora's Frank Smith and former Aurora athlete, aside from being head man of the Toronto Church League softballers, has been elected to the executive of the Ontario Softball Association for his third term. Doug convened the local district to Barrie and Orillia last year.

Bob Urquhart, who played some sparkling soccer the past

two years for Newmarket camp and rated as one of the best in Ontario, has left his hometown, Winnipeg, to play professional soccer for Chicago Vikings in the newly organized international league circuit.

Norm Briley, who drew such rave notices from the critics for his fine work in the nets the past winter for Scarborough Rangers and is headed to the pros next season, is the same sensational youngster who guarded the soccer goal for Syd Bowman's Newmarket army eleven last year.

Russ Lynett, clerk of Richmond Hill, is the new president of the Richmond Hill bowling club which is ready for the big year in its history. Russ succeeds Norman Chatterley, once of Aurora, who led the club so successfully the past six years.

Newton Robinson is also a member of the South Simcoe softball league. We omitted that name last week inadvertently. They have a fair club too.

Don Wilson is being sought feverishly by Toronto Lakeshore, who each Wednesday night will be playing lacrosse at Maple Leaf Gardens. "Brains", who played star boxla for Aurora-Bradford-Orillia, has still plenty of good games left under the belt and the sugar under the new arrangements should be fairly attractive.

Bobby Thorpe, ace young forward of Brampton camp a few years ago (he's the one that just about beat Newmarket alone), is playing Canada's national game at Quebec City this year. Thorpe, who started professional hockey last year and after being injured wound up with Quebec Aces and more dough, like George "Punchy" Imlach and most of the imported puckchasers has remained in the habitat capital for the summer.

The railbirds can catch a glimpse of Combines in action a couple of nights a week at Aurora arena. Among those turning out with the "Aurora" team are Huck Young, Hughie Kerr, Bert Smith, Jimmy Reid, Bruce Wark, Bill and Norm Bowen, Jack Hobday and the three (count 'em) Burton brothers, to wit, Ray, Harry and Cleve. Mostly all young vets. This is not the whole roster of the Combines who will be garbed in red and white sweaters.

Colors for the North York league are double blue for Maple, green and white for Richmond Hill and purple and white for Woodbridge. The last named draws players from a three-mile radius. Combines are bounded by Thornhill on the south and the third of Vaughan on the west. Maple covers the rest of Vaughan and can come to King. The Hill can draw as far north as Oak Ridges. An entry fee of \$10 is being paid by each team and a guarantee of \$25 is also posted to be forfeited in case of defaults.

Referees are badly needed and if any hardy soul desires to essay the task of dealing with the thundering herds, he can leave his name with this corner. There's a bit of oof in it too.

New age limits were created by the Ontario Lacrosse Association this year and there is some sentiment being developed to carry the same arrangements to other sports. Junior company now is available to boys up to 21. Juvenile (that's where the Aurora kids want to play) goes to 19 now, midget to 17, bantam 15 and under and pee wee 13 and under. In addition the old rule which we thought was O.K. has been deleted and a youngster can play juvenile, junior and intermediate or senior all in the same year. By play-off time, he must elect in what series he'll finish the season.

Believe it or not, but lacrosse sticks for a game solely Canadian in origin are being imported in huge quantities this year from Australia and a good thing, too, from the inquiries we have made. Aurora Legion purchased the last surviving genuine grade A lacrosse nets in Toronto last week for \$27.50. A general revival of lacrosse is taking place and we just haven't the equip-

ment. Weston, for many years a lacrosse stronghold, comes back to competition this year with a junior B team in the O.L.A. and a three-team town league operating.

Black pants are definitely to be worn in O.A.S.A. games this year. On the statutes last season, it wasn't generally lived up to by softballers. Another thing is that the sweater or tunic will not be allowed to flop around outside the belt. The shirt must be tucked in and kept tucked in. This is a definite ruling, not made for the purposes of sartorial splendor either.

HOLT OLIVE COATES IS APRIL BRIDE

A quiet wedding was solemnized at the Free Methodist church parsonage, Holt, on Saturday, April 20, when Olive Jean Coates, eldest daughter of Mr. and Mrs. Joseph Coates, Holt, became the bride of Francis Bruce Andrews, eldest son of Mr. and Mrs. Thos. Andrews, Holt. Rev. J. T. King officiated.

The bride was becomingly attired in a street-length dress of pale blue sheer chiffon with long sleeves and fitted bodice, and wore a shoulder corsage of red roses.

Miss Vera Coates, sister of the bride, acted as bridesmaid and wore a street-length flowered silk jersey dress and a corsage of roses.

Donald Andrews, brother of the groom, acted as best man.

For travelling the bride chose a teal blue coat and hat with matching accessories.

Amid showers of confetti and good wishes the happy couple left for Detroit, Mich., and upon their return will reside near Mount Albert.

C.W.L. TREASURER

Mrs. Leo Forhan was elected treasurer of the Newmarket Catholic Women's League at the April meeting. This was left out of the list of officers in last week's paper by mistake.

MAGISTRATE'S COURT FINE THREE YOUTHS ON THEFT CHARGES

Three Aurora youths were fined \$25 each and placed on probation for a year in magistrate's court here Friday, following the hearing of charges of theft of three bicycles from Newmarket homes. Magistrate J. E. Pritchard, K.C., presided.

On a second charge of breaking and entering John Bowser's hardware store in Aurora, the youths were remanded in custody for a week for judgment. Their ages were 16, 17 and 18.

On the witness stand, one of the trio told how after seeing a show in Newmarket, they had walked through the streets, taking one bicycle from a house on Prospect Ave. and two others from a house on Timothy St. W. He said they had ridden the bicycles to Aurora and left them at the boarding house of one of the youths where they were recovered by the police.

Character witnesses including former employers, parents and the principal of Aurora high school, J. H. Knowles, all testified in favor of the boys, and admitted surprise at their departure outside the law. None of the three had previous records. Lorne C. Lee and T. A. M. Hulse defended the boys.

Michael West was remanded one week on a charge of arson. Wm. E. Yardley and Basil Fox were each fined \$10 and costs on separate charges of having liquor outside their homes.

A Call to Action

addressed to All Members of the Church of England in Canada by
THE MOST REVEREND DERWYN T. OWEN, D.D., D.C.L.
Primate of all Canada

NEVER has humanity been in greater need of the Christian Gospel, the inspiration and guidance of Christian teaching and the Christian spirit.

To-day we give thanks for a physical victory over forces opposed to every Christian principle. But these forces must still be fought in human minds and hearts. The only new order worth building is a Christian order. At home and abroad, the Christian Church faces a renewed challenge.

That is why the Church of England in Canada is making an appeal to her people for rededication, self-sacrifice and constructive action. This movement seeks to make Anglicans more truly Christian; to make them conscious of the historic mission of their church; to strengthen the spiritual, educational and social work of the Church at home and abroad; and to provide funds for additional Clergy for the pension fund, for helping the Mother Church in England for the pension fund, for helping the Mother Church in England for the pension fund, for helping the Mother Church in England for the pension fund.

and the Churches in Europe in their work of rehabilitation, for providing youth training, and leadership, and for assisting all Dioceses in meeting their local needs.

The Appeal was launched in our Churches on the Feast of the Epiphany, Sunday, January 6th, and will continue till May 19th. In its spiritual aspects it has already reached the homes of our people and its programme will continue over years to come.

During the week of May 12th to 19th, every member of the Church of England in Canada, so far as possible, will be visited by a fellow member, authorized to receive contributions to the \$4,300,000 fund needed to carry out the financial program.

I bespeak from every one of our members and friends the earnest, prayerful consideration of this urgent need. I am confident that if every individual does his and her part, the combined objective of spiritual enrichment and financial support will be fully achieved.

EVA LYONS HAS

PRETTY WEDDING

An archway of evergreen and Easter flowers formed the setting at the home of the bride's parents for the marriage of Eva Mary Lyons, second daughter of Mr. and Mrs. Luke Lyons, Newmarket, to John Peter Vandenberg, son of Mr. and Mrs. Frank Vandenberg, Newmarket, on April 24. Rev. Henry Cotton officiated.

Given in marriage by her father, the bride wore a gown of blush satin styled on Victorian princess lines extending to a full train. Her fingertip veil was held by a headdress of braided satin. During the signing of the register Mrs. Marshall Lyons, sister-in-law of the bride, sang All Joy Be Thine, accompanied by Mrs. Cotton at the piano.

Guests were received by the bride's mother in a lilac ensemble and pink carnations, assisted by the groom's mother in blue flowered silk jersey with a corsage of coral roses.

For travelling to northern Ontario, the bride chose a navy wool crepe suit with navy and white accessories and wore a corsage of red roses. The couple will reside in Newmarket.

VETS RECALL COMRADES AT V-E DAY DATE

Under the auspices of Aurora Branch 385, Canadian Legion, an inspiring V-E Day memorial service, attended by over 1,200 civilians and 250 veterans, was held in the Aurora town park on Sunday afternoon.

The parade, under the command of Norman F. Johnson of Aurora, was one of the largest and smartest ever seen locally. Under the command of Zone Commander Bert Phelps, four color parties headed the parade, with the Ontario Command, Todmorden, Richmond Hill, and Branch 203, Ladies. Then came St. Andrew's College Pipe band and cadets in shorts and tartans, Aurora and Schomberg cadets, and Aurora high school bugle band, visiting veterans, the Aurora branch, Newmarket Citizens' Band and the Aurora Fire Brigade.

At the park, a hollow square was formed with massed drums draped with the Union Jack. Rev. R. K. Perdue took the prayers and scripture reading and Rev. G. O. Lightbourne preached the sermon.

"This service stands out in my mind as the most impressive of any it has been my privilege to attend," said Mr. Lightbourne. "For we knew in our daily lives, at work, in school, those brave boys from this community who gave their all. Aurora, for its size, has a war record that is second to none. This is a service of thanksgiving as well as remembrance. We are here to honor those less fortunate ones who remained in a lonely grave in Europe — those who gave their lives that freedom and justice might live. I saw the horrors of Belsen prison camp. This world would have been one huge concentration camp if the enemies had won."

"Let us who are able to play our part in the life of our country make sure that the way of life for which our comrades died is perpetuated," said Brigadier O. M. Martin who took the salute in front of the Aurora post office. "Let us not be led astray by false doctrines and those who would destroy the rights and privileges we are so proud of. As veterans we have a big responsibility to our country and each other."

dress Friday at 2 o'clock D.S.T., followed by service in Bethesda United church at 2.30. Interment Hulse Hill cemetery.

Emes — On Tuesday, May 7, 1946, at her daughter's home, Sutton West, Margherita Phillips, wife of the late Charles R. Emes and mother of Mrs. Frank Shannon (Mildred) and Mrs. Wilfred Perrault (Teresa).

Resting at the above address. Requiem mass in St. Anthony's church, Virginia, on Friday, May 10, at 9 o'clock. Interment adjoining cemetery.

Eade — At her late residence, Catherine Ave., Aurora, on Thursday, May 2, 1946, Addie G. White, wife of Norman E. Eade. The funeral service was held at her home Sunday afternoon. Interment Aurora cemetery.

Madill — At the residence of her daughter, Mrs. A. Richardson, on Friday, May 3, 1946, Martha Campbell, wife of Ebenezer Madill, in her 71st year, mother of Mrs. McClure (Elsie), Mrs. Richardson (Ethel), Mrs. Peterson (Emily), Mrs. Moore (Ellen), Mrs. Morton (Leila).

The funeral service was held from P. M. Thompson's Funeral Home, Aurora, Sunday afternoon. Interment Aurora cemetery.

Newton — At York County hospital, Friday, May 3, 1946, Bertha Browning, wife of Albert Newton, mother of Lenard, Vancouver; Mrs. Mochrie (Blanche), Brampton; and Howard, Newmarket.

The funeral service was held Tuesday afternoon at P. M. Thompson's Funeral Home, Aurora. Interment Aurora cemetery.

Stevens — Passed away at Toronto, Sunday evening, May 5, 1946, Edith May Stickells, Huntsville, aged 59 years, wife of the late Harry Elphic Stevens, mother of Mrs. Donald Farnsworth (Beryl), Percy, Lloyd and Harold, Huntsville; Walter, Schomberg; Frank, Toronto; Cpl. Alfred Stevens, R.C.A.F.; sister of Mrs. Wallace McCauley, Gravenhurst, and Frank Stickells, Fort Lauderdale, Florida.

The funeral service was held Monday afternoon. Interment Hutchinson Memorial cemetery, Huntsville.

Wesley — At York County hospital, on Sunday, May 5, 1946, Annie Lucinda Carscadden, daughter of the late Robert and Lucinda Carscadden, formerly of Annette St., Toronto, and mother of Mrs. Lowell W. Dales, Newmarket.

COUNCIL NAMES HAROLD CLARK AURORA CLERK

Harold N. Clark, of the staff of the Imperial Bank, Aurora, has been appointed town clerk and treasurer to replace the late A. C. A. Willis, who died early in April. He will assume his position on June 1.

A native of Headford, Ont., he was educated at Richmond Hill high school and has been associated with the bank for 18 years, at Richmond Hill and in the Niagara Peninsula before coming to Aurora in the spring of 1944, to assume the post of teller-accountant here. He is in his 30's, married with a five-year-old daughter, Jane, and resides with his family on Catherine Ave. He is a member of Aurora United church and Beamsville Masonic Lodge.

Mr. Clark has been engaged at an initial salary of \$30 per week which lasts until the end of the year. In 1947 he receives a salary increase of \$5 per week, to make his salary \$35 per week. In 1948 another salary increase raises the salary to \$40 per week, and the maximum figure is reached in 1949, when a further \$5 a week increase brings the figure to \$45 a week or \$2,340 a year. Mr. Willis at the time of his death was drawing a salary of \$35 a week.

William Large, assistant to the clerk, continues in that position. His salary now standing at \$31 per week was raised by council to \$40 per week. His remuneration under the municipal plan of accounting is largely borne by the Hydro-Electric Commission of the town. The salary increase is retroactive to April 5.

Miss Beryl Phillips, who has been part-time assistant in the town office since Mr. Willis' death, will continue in her work for the month of May until Mr. Clark assumes his position.

Following the death of Mr. Willis and the appointment of William Large as acting town treasurer and clerk, it was generally assumed that Mr. Large would accept the senior post and an assistant would be selected. Mr. Large, it is understood, preferred to retain his present post for personal reasons.

A committee composed of Reeve C. E. Sparks, Deputy Reeve Asa Cook and Mayor Ross Linton dealt with the question between April 6 and April 29. No applications were solicited for the position by advertisement in the press. On April 29 a special committee of council was called in the afternoon and Mr. Clark's name was submitted to council. Following an interview, on the terms embodied in the by-law passed on May 6, council approved Mr. Clark's appointment and subsequently he submitted his resignation to the bank advising council of his acceptance. Council unanimously passed the by-law appointing Mr. Clark on Monday evening.

William Summers, John Bak and James Peters, three employees of the Aurora streets department, had their hourly wage increased by five cents an hour by council on Monday. The first two employees will now receive 60 cents an hour while Mr. Peters receives 50 cents an hour. It was pointed out that the wages paid by the town are below those paid locally for similar laboring work. The increase is retroactive to April 1.

On Thursday, April 25, at the Morgan Memorial chapel, Queen's University, Kingston, Ada Morgan, elder daughter of Mr. and Mrs. A. M. Lunn, London, and Charles H. Jamieson, son of Mrs. L. P. Freeman, Hartington, were united in marriage. Rev. S. Spurrell officiated.

Council Resolves To Give Thought To Vet Applicants

On Wednesday, May 1, Branch 385, Aurora, Canadian Legion, passed the following motion: "That the rehabilitation committee of the branch meet with Aurora town council and take such steps as may be necessary to secure the appointment of a veteran as town clerk and also as town constable." The motion was carried unanimously.

On Thursday, May 2, the rehabilitation committee of the branch met at the home of the chairman, Dr. C. R. Boulding, and unanimously passed the following motion: "That the rehabilitation committee meet the council of the town of Aurora and establish with it the principle that any appointment at the disposal of council will be filled by a veteran subject to the proviso that the veteran has qualifications equal to those of any other applicant."

On Saturday evening, the rehabilitation committee of the Legion met with council in camera and discussed the resolution of the branch and of the committee.

On Monday evening Aurora town council passed the following resolution: "That the town of Aurora go on record and that a copy of the resolution be forwarded to the secretary of the Legion for their files: Be it resolved that for the life of this council when men are required to fill permanent positions on the town, due notice will be given to the secretary of the local Legion of such position to be filled and also the time when applications for the position will close. Further, that Aurora veterans will be given priority for such positions, also due consideration for veterans residing outside the municipality."

Dr. C. R. Boulding, chairman of the Aurora Legion rehabilitation committee, was present for the greater part of the meeting but not when the vote was taken as it was one of the last pieces of business dealt with by council. He took no part in the discussion beyond answering a few questions at the beginning of the meeting when he submitted the resolutions, which had been discussed in camera previously with all council but three members present.

Asked by Councillor R. V. Smith if the Legion resolution was limited to Aurora veterans, Dr. Boulding replied that the resolution simply read "a veteran."

When the vote was taken on the resolution prepared by council, Councillor William West was the sole member opposing. "I am voting against it because it doesn't go far enough. I am in favor of the Legion's request but I would like to see more than 'due consideration' given as the latter part of the council's resolution provides."

Council's resolution will now be forwarded to the Aurora branch of the Legion and a statement is expected to be issued by the branch in the near future.

Council also approved the post-war planning committee's recommendation to secure a survey, and take the necessary steps to secure the extension of Edward St. south to Cousins Dr. In return for the purchase of this land, Mr. Cousins will deed to the municipality or "to such person or persons as the town may direct" approximately 6.9 acres of land adjoining the C.N.R. railway tracks on the east side of the Edward St. extension. The move will open up the new industrial area of the town where the Hart Manufacturing Company of Canada will build their new plant.

Council also approved the question of sewer extension and water main extension presents a big problem to be dealt with and town engineer Redfern and surveyor W. S. Gibson are being called into immediate consultation.

Applications for water connections by Horace Kendall and Miss May Bolton on Wellington St. east were approved on a divided vote of council. Both reside in King township. Miss Bolton on the Hayes farm, while Mr. Kendall is scheduled to build this year. Both will have to pay for any extension beyond the town limits and their water rates under town regulations will be double that applying within town.

While the applications were approved, when they will get service remains a big question mark. Last year the council approved the extension of the water main west on Wellington to William Trent's residence but the work has not started nor any contract been let, and pipe is reported as difficult to obtain.

John Mathewson and Clifford Chapman were granted building lots for \$1 on the condition houses were built within two years. Both men are war veterans. Mr. Mathewson's lot is on Harrison Ave. and Mr. Chapman's on Tyler St.

A request from Edward Levett to purchase a building lot on Tyler St. was refused on the ground that the land was being held for veterans. Owing to a question of frontage held by the town, the final passing of the by-law whereby John Bowser purchases four lots on Lepper St. for \$400 was held up temporarily.

Earl Scarlett, Harrison Ave., appeared before council at its request to explain why the provisions of an agreement made with the town was not carried in regard to the erection of a house. Mr. Scarlett was granted the land in 1942 and the building by-law had not been carried out. Mr. Scarlett said he could not obtain supplies nor a contractor and in any case had not agreed to build as claimed by the town. A new agreement will be signed and Mr. Scarlett agreed to have a roof on a new dwelling by Sept. 1, otherwise the council will instruct the town solicitor to have the present frame building on the lot removed.

**QUEENSVILLE
SPARK STARTS FIRE,
HOUSE IS DESTROYED**

A disastrous fire occurred last
week when the house occupied
by Mr. Foreshoe and family was
burned to the ground. The fire
was first noticed by the little boy
who ran to his mother and said
the house was on fire.

It is thought that a spark from
the chimney had started the
blaze, and if a ladder had been
available the fire could have
been put out.

The family was taken care of
by the neighbors that evening,
and are now living in James
Cunningham's house. The prop-
erty that was destroyed belonged
to Frank Watson.

Capt. F. A. Gilbert, Toronto,
conducted the services on the
Queensville charge last Sunday.

One of the old pioneers of this
district, Mrs. Thomas B. Doane,
mother of Seymour Doane,
Queensville, and Milton Doane,
Toronto, died recently. Mrs.
Doane was in her 98th year and
has been living with her son in
Toronto for some time. She was
well known in the community,
having lived for many years on
the farm now owned by Syd.
Milne. The funeral took place
on Tuesday, May 7, at the Stras-
ler funeral home.

The W.M.S. will meet for the
May meeting on Wednesday,
May 15, at 2.30 p.m., at the home

The annual meeting of the
Women's Institute was held at
the home of the president, Mrs.
Geo. Pearson, last Wednesday
evening with a good attendance.
All the officers were re-elected
for another year.

A paper salvage was arranged
for at this meeting, and all those
having salvage are asked to
leave it at the library any Sat-
urday afternoon during May.
Paper bundles must be securely
tied. It was also decided to hold
the monthly meeting on the last
Tuesday evening of every month
during the busy summer months.

Mr. and Mrs. Harry Horner
and children of Belhaven visited
at the home of Mrs. Horner's
parents, Mr. and Mrs. Robt.
Stiles, on Sunday.

**PRESBYTERIANS HERE
TO RAISE \$1,050**
By Miss A. Gibson

The Presbyterian Advance for
Christ and Peace Thankoffering
is a movement in the Presbyter-
ian church in Canada which was
initiated by the general assem-
bly, meeting in Toronto, in June,
1945. That assembly instructed
the board of administration "to
mark the close of the war in
Europe by a peace thankoffering
or forward movement and
arrange for the raising of the
thankoffering fund in co-operation
with similar committees
appointed by the other denom-
inations".

The advance plans a program
of education and evangelism to
stir and strengthen the church's
life, and, as a part of that, a
peace thankoffering of \$2,000,000
to equip the church more ade-
quately for its work.

The allocation for St. Andrew's
church, Newmarket, is \$1,050 and
a canvass of the congregation is
being undertaken between May
6 and 18.

The church needs the \$2,000-
000 for the reconstruction of
European Protestant churches;
for a church building fund to
provide church buildings in
strategic places; for the exten-
sion of missionary work in Can-
ada; for new developments in
missionary work in British
Guiana, East Asia and India; for
living quarters to be rented to
missionaries home on furlough;
for Young People's camps and
other work in Sunday-schools
and Young People's Societies;
to provide the money to ensure
adequate income for the teach-
ing in Knox College, Toronto; to
strengthen the Presbyterian Col-
lege, Montreal; for Penmarvian,
a home for retired ministers; for
the Ephraim Scott fund and
capital for the pension fund.

The Presbyterian church in
Canada is absolutely debt free.

In Memoriam

Dutcher—In loving memory of a dear husband and father, John Dutcher, who passed away May 1, 1944.

We do not forget him, we love him too dearly For his memory to fade from our lives like a dream; Our lips need not speak when our hearts mourn sincerely. For grief often dwells where it seldom is seen. Sadly missed by wife and family.

Evans—In loving memory of our dear mother, Annie Tressa Hunt, who passed away May 10, 1941, also our dear father, Robert A. Evans, who passed away April 25, 1935.

While you dear parents rest and sleep

Your loving memory we'll always keep.

Ever remembered by their daughter, Dorothy Monkman, and family.

Haight—In loving memory of a beloved husband and father, Wm. Penn Haight, who passed away May 4, 1941.

Days of sadness still come o'er us,

Tears in silence often flow,

For memory keeps you ever near us,

Though you died five years ago.

Ever remembered by wife and family.

Holborn—In loving memory of a dear husband and father, William F. Holborn, who passed away May 13, 1945.

You left sweet memories to blossom,

Bearing fruit for the years to come,

In the lives of those who loved you,

Precious memories of days that are gone.

Ever remembered by wife and family.

Lundy—In loving memory of our dear mother, Mary C. Lundy, who passed away May 8, 1943.

Today we are thinking of someone

Who was lovely, kind and true,

Whose smile was as dear as the sunshine,

That someone, dear mother, was you.

We miss you no less as the time passes on

Than we did on the day of your going.

For absence can never close the door of our hearts

And the lamp of our life is still glowing.

Lovingly remembered by daughter and son-in-law, Lettie and Ben.

Lundy—In loving memory of our dear grandmother, Mary C. Lundy, who passed away May 8, 1943.

Years of striving, little of play;

Loving and giving the whole of the way.

A cheerful smile, a heart of gold,

The dearest grandma a world could hold.

Happy memories, fond and true,

From those who thought the world of you,

Loved in life, she liveth yet

In the hearts of those who will never forget.

Lovingly remembered by Burt, Laura and family.
